

BS-36

Bead booster (10 gallon)

Model: BS-36

Product: 10 gallon/36L bead booster

Description: Engineered for professional-grade performance and workshop convenience, the Touch Tools 10-Gallon Bead Booster is your go-to tool for effortlessly seating stubborn tire beads. Designed to handle a wide range of vehicle types—from ATVs and passenger cars to tractors and trucks—this bead seater delivers safe, controlled blasts of compressed air exactly when and where needed.

Features:	Benefits:
Tank Capacity	10 gallons for robust, multi-tire seating efficiency
Construction	Heavy-duty steel or carbon steel (approx. 2.5–2.75 mm thick) ensures durability and reliable performance
High-Volume Efficiency	The 10-gallon tank delivers forceful and consistent air blasts, making bead seating faster and more reliable.
Built for Long-Term Use:	Robust steel builds, precise gauges, and control valves mean fewer malfunctions and safer operation.
Versatility Across Vehicles	Whether you're working on ATVs, farm equipment, trucks, or cars—get the right pressure every time.
Simple, Safe Operation	Manual filling control and clear pressure feedback help avoid over-inflation and ensure task accuracy.
Training available	Technicians can be professionally trained to use the machine and get the maximum benefit from it.
1 year warranty	The machine will be repaired if there are any factory faults and can be replaced if required.
Spares available	Should you have a breakdown you will not have to wait for your equipment to be repaired. If there is anything we don't have, we fly it in directly from the Suppliers.
