Model: Y3420E

Product: Industrial 20 Ton bottle Jack

Description: Winntec Bottle Jacks are versatile, for use in pushing, pressing, straightening, and other applications. Cast iron bases, polished main rams and solid chrome pump linkage are as standard.

Winntec are an established and respected manufacturer, developer and supplier of quality, efficient and extremely reliable garage equipment - suitable for a vast range of applications.

Features:	Benefits:
20-Ton Lifting Capacity	Capable of lifting loads up to 20 tons, making it suitable for a wide range of heavy industrial applications
Light and compact construction	Small and easy to fit in the back of your vehicle as the jack does not take up much space.
Reliable overload protections	Stable construction with quality seals also includes overload protection.
Strong wide cast iron base	Stable enough to handle the load.
Hydraulic	Utilizes hydraulic power for efficient and controlled lifting. Provides a smooth and reliable lifting process.
Ease of use	Long pumping handle that makes pumping more comfortable.
Premium European design	Recognizing the demand for high performance work shop products, Winntec sourced the best quality components and developed a range of premium work shop equipment which offers excellent value for money. Choosing Winntec means choosing certainty in terms of quality, functionality and after sales service. It's the experience which makes the difference !
Wide Base	Provides stability during lifting operation. Ensures a secure foundation, reducing the risk of tipping.
Durable Steel Construction	Heavy-duty steel construction for durability and strength. Withstands the rigors of industrial use and ensures a long lifespan.
Large Diameter Piston	Accommodates heavy loads with ease. Provides efficient lifting capacity for industrial applications.
Built-In Bypass System	Prevents over-pumping, protecting the hydraulic system. Enhances safety and prolongs the life of the hydraulic components.
Pressure Relief Valve	Automatically releases excess pressure. Prevents overloading and ensures safe operation.
Carrying Handle	Facilitates easy transport and positioning. Increases portability and user convenience.

Compact Design	Takes up minimal space when not in use. Easy to store and transport between work locations.
Training available	Technicians can be professionally trained to use the equipment and get the maximum benefit from it.
1 year warranty	The machine will be repaired if there are any factory faults and can be replaced if required.
Spares available	Should you have a breakdown you will not have to wait for your equipment to be repaired. If there is anything we don't have, we fly it in directly from the Suppliers.

Technical information	
Capacity	20ton
Min height	242mm
Max height	442mm
Net weight	9.2kg
